

Global Gaming Awards 2022 Asia: NOVOMATIC wins category Table Game of the Year

At the Global Gaming Awards 2022 Asia, NOVOMATIC's electronic table games solution has won the Table Game of the Year.

Gumpoldskirchen, August 22nd, 2022 The Global Gaming Awards have been recognizing special milestones and achievements in the gaming industry since 2014. 2022 marks the launch of a dedicated Asian edition of this highly prestigious industry award the winners thereof were announced on August 22nd during a virtual event.

To our great pride and delight, NOVOMATIC's internationally proven electronic table games solution has won the Table Game of the Year. This ETG offer is built on a highly stable and reliable platform and presents a very broad range of games as well as game variants such as fully automated, entirely virtual or connected to a live-dealer operated table. With the integration within a WAN structure slot offers, innovative side bets as well as the Novo Unit is a safe bet for operators and a popular favourite with guests.

We are very honoured to receive this award. The solution is very popular in the Asian region, with major arena installations in markets like Cambodia and Malaysia. The system offers a variety of options that enable a high level of customisation according to specific operator requirements . both in terms of infrastructure and game presentation . and it is complemented by a range of NOVOMATIC cabinet styles and high quality display options to suit any location. The popularity of this product with both operators and players remains extremely resilient, with recent figures showing Electronic Table Game has increased notably in recent months.

The Global Gaming Awards 2022 Asia honoured leading companies and industry executives for industry innovation and leadership achievements in a total of nine categories. Winners were selected by a judging panel consisting of more than 30 leading industry experts. The Global Gaming Awards rank among the most reputable awards in the industry, with a voting process, which is independently monitored by KPMG.
