The NOVOMATIC AG Group

In 1980, a young entrepreneur with a visionary pioneering spirit and the courage to innovate laid the foundation for today's global company: Professor Johann F. Graf. Today, the NOVOMATIC AG Group is one of the biggest producers and operators of Gaming Technologies, with approximately 25,000 employees worldwide, locations in about 50 countries and exporting high-tech electronic gaming equipment to more than 100 countries. The Group operates gaming machines in its 2,200 plus traditional and electronic casinos as well as via rental concepts.

Part of the Group is also ADMIRAL Sportwetten GmbH, Austria's leading sports betting operator with more than 200 outlets, as well as the Vienna-based online gaming specialist Greentube GmbH. The main markets of the Group are the Member States of the European Union; the Central, Eastern and South Eastern European markets where NOVOMATIC was, due to its early market entry, able to establish an excellent position; as well as expanding markets with exceptional growth such as Latin America and the US.
